WEB SYSTEM PROPOSAL

We are a group of young talented computer engineering students. With our vast experience from working in different fields and companies, we can tackle any issue with an efficient solution.

PROPOSAL SUMMARY:

Alexandria Language School requires a website that serves parents, students & expected students. A website that is appealing and exciting to all those who visit it. Combining artistic design and innovative ideas, we will be able to create a website that facilitates all of your needs. This project will consist of the following:

Basic Package:

- An eye-catching home page, with an easy navigation to the rest of the website.
- Academics page that contains information about each educational stage in the school.
- A gallery page that has photos that are fetched from your facebook page, as well as videos that are fetched from your youtube channel.
- An admission page with information about the admission process, requirements and admission form.
- A news page which contains latest news and announcement with the ability for the user to subscribe to email newsletter. It will also have the twitter and facebook feed embedded in it.
- An access to Ed-modo system from your website.
- Career platform with the ability to view Job vacancies and apply to them
- Contact us page with the school's contact information and a contact form for users to send messages to the school.
- A system admin page in order for the school's administration to manage news, job postings and messages.

Additional package:

- A student base section which will contain: ○ Posting page where the can post a submission regarding a topic set by the admin.
    - ○ A dedicated anti bullying complaint section for students to send to the school's administration's eyes only. ○ Survey section for the students and the parents. ○ An access to the school's google drive resources.

COSTS

The basic package is essential, however both additional package and extras are optional.

Basic Package	5,000 L.E
Additional Package	3,000 LE

Hosting

Hosting will be using godaddy.com services:

Server Hosting	$89.64/3 years (Renew $8/month)
Domain(.com)	
1 email	
Advanced Security (optional)	$67.5/year (Renew $75/year)

FUTURE DEVELOPMENT

- We are willing to offer 3 months of maintenance free of charge. This will cover any bugs that may appear.
- Any additional features or upgrades will be assessed upon visit.

For further details and information, please don't hesitate to contact us.
